

forever grateful for the contributions he has made in our region.

San Diego lost a giant when we lost Fred T. Macedo.

REALITIES OF THE CLIMATE CRISIS

(Ms. KAMLAGER-DOVE asked and was given permission to address the House for 1 minute and to revise and extend her remarks.)

Ms. KAMLAGER-DOVE. Madam Speaker, I rise today to highlight the realities of the climate crisis as seen in my district and across the State of California.

Earlier this year, Los Angeles County issued its first blizzard warning since February 4, 1989.

Unfamiliar wintry conditions resulting in up to a foot of snow with 80-miles-per-hour winds overtook many parts of Los Angeles County, leaving Californians with flooded homes and no power.

In my district, the Baldwin Hills neighborhood was hit with a local state of emergency as a disastrous rainstorm demolished daily rain records from over 100 years ago causing fatal mudslides. Today in Los Angeles, we suffered a tornado.

This is not normal.

Madam Speaker, I cannot stand idly by while Republicans continue to deny the validity of the crisis before us, seen firsthand by my district experiencing disastrous weather patterns not seen for over three decades.

I have fought for the protection of our environment my entire life and will do everything in my power to work against the actions taken in this very room by my colleagues across the aisle to propagate the climate crisis that, if not addressed, will destroy Mother Earth and her inhabitants.

We must take the lessons we are learning in California to heart because this is only the beginning.

Madam Speaker, if this isn't a wake-up call, I don't know what is.

FIVE YEARS OF MFOL AND PERSISTENCE OF GUN VIOLENCE PREVENTION

(Mr. SCHNEIDER asked and was given permission to address the House for 1 minute and to revise and extend his remarks.)

Mr. SCHNEIDER. Madam Speaker, I rise today to declare that our calls for gun violence prevention will not stop until we see real action to keep our kids and communities safe from senseless shootings plaguing our Nation.

Madam Speaker, ten years ago, after Sandy Hook, grieving parents came to this place and called for urgent action.

Five years ago this Friday, student survivors of the shooting at Marjorie Stoneman Douglas High School led millions of fellow students in the first March for Our Lives calling for urgent action.

Yet still here we are, after Pulse, after Las Vegas, Buffalo, Uvalde, High-

land Park, Monterey Park, and literally countless other shootings and so many beautiful lives cut short.

This morning, my sister texted me, "two teachers shot" at the Denver school my niece and nephews attend. It was their second shooting this year, in addition to four other lockdowns.

Enough is enough. Together with March for Our Lives, Moms Demand Action, Everytown, Sandy Hook Promise, Giffords, and every other concerned American, we will not stop our calls for action until our families feel safe in our schools, in our pews, at our stores, at our Fourth of July parades.

COMMEMORATING THE 9TH ANNIVERSARY OF OSO LANDSLIDE

(Ms. SCHRIER asked and was given permission to address the House for 1 minute and to revise and extend her remarks.)

Ms. SCHRIER. Madam Speaker, I rise to commemorate the 9th anniversary of the Oso landslide. On that tragic day, 43 people lost their lives when an entire hillside collapsed, smothering the town and burying it in mud.

Washington State was forever changed.

Among the victims were a nurse, veterans, even elementary school students. There were parents, grandparents, brothers, sisters, and children—all beloved members of their community. We remember them today.

On this anniversary, I would extend my condolences to the friends and family members of those victims. While we cannot change the past, we can honor those who passed away by working toward a safer future.

As a Representative of this resilient community, I have worked to increase funding for emergency communications and services and supported the National Landslide Preparedness Act, all of which help ensure that we are ready if such a disaster strikes again.

People of Oso, my heart is with you today.

WHAT AMERICA MAKES AND GROWS, MAKES AND GROWS AMERICA

(Ms. KAPTUR asked and was given permission to address the House for 1 minute and to revise and extend her remarks.)

Ms. KAPTUR. Madam Speaker, domestic manufacturing has always been a foundation stone of American prosperity and innovation. That remains true today.

I hail from America's industrial heartland, the Great Lakes and Midwest. Our people know firsthand how essential manufacturing is for the long-term health and growth of our country.

What America makes and grows, makes and grows America.

When manufacturing is at the forefront, working-class families and communities succeed. Together, invention

and production lift up economic growth and build a middle class. That is why I am proud to reintroduce the Bipartisan Office of Manufacturing and Industrial Innovation Policy Act of 2023.

This legislation will create an Office of Manufacturing and Industrial Innovation to elevate at the highest levels manufacturing policy.

This office will ensure that voices from the manufacturing sector, small business, and labor unions are heard.

It is time for the Federal Government to put American manufacturing and workers first.

This bipartisan legislation does exactly that.

CELEBRATING WOMEN'S HISTORY MONTH

(Mr. MRVAN asked and was given permission to address the House for 1 minute and to revise and extend his remarks.)

Mr. MRVAN. Madam Speaker, it is with great admiration that I rise to celebrate Women's History Month and its 2023 theme: Celebrating Women Who Tell Our Stories.

This year, I recognize a woman who tells the stories of Gary, Indiana: Ms. Dorothy Leavell, the editor and publisher of the Gary Crusader for more than 50 years.

Throughout her career, Dorothy remained grounded in her purpose to serve as an advocate for the African-American community. Under her leadership, the Crusader Newspaper Group became a voting member of the National Newspaper Publisher's Association, a federation of the African-American-owned newspapers in our Nation.

Madam Speaker, as we celebrate Women's History Month, please join me in recognizing the dedication, perseverance, and contributions that Ms. Dorothy Leavell and so many other extraordinary women have made to improve our communities through the stories they tell.

FEED AMERICA

(Mr. DAVIS of North Carolina asked and was given permission to address the House for 1 minute and to revise and extend his remarks.)

Mr. DAVIS of North Carolina. Madam Speaker, the agricultural community is the backbone of eastern North Carolina.

Back home, I constantly hear about the barriers to our farmers' success, which is why during this National Agriculture Week, I proudly introduced the Promoting Precision Agriculture Act with Representative TRACEY MANN of Kansas.

Precision agriculture includes the use of devices like robotics, sensors, monitors, drones, and more to help our growers increase efficiency, boost crop yields, and lower costs.

Madam Speaker, we must deliver for our farmers in rural America to ensure our growers have the resources and
